

## **PIM Paper Drive 2016, 41<sup>st</sup> Annual**

The 2016 PIM Surplus Paper Drive once again had record numbers, there were approximately **350 teachers** that showed up at Veritiv MN on Saturday, September 17<sup>th</sup>. That is 100 more teachers than last year! Teachers came with carts and prepared to load paper and lots of it into their, cars, trucks, U-Hauls, trailers, vans. Most schools came with multiple people and game plans to grab the most paper possible in the 3-hour time span. As has been the case every year before, the teachers left happy to keep their programs robust with paper.

**Thank you to Veritiv MN** for making this happen and the team at Veritiv MN really made this day a day to remember, they assisted teachers, moved paper, made sure they were safe, it was really quite the Herculean Task. **Thank you to Pioneer Paper Stock** for assisting with logistics.

September 17<sup>th</sup> was a great day!

**Thank you** for dropping that paper on September 16<sup>th</sup> & 17<sup>th</sup>, these PIM Members are really helping the states' Minnesota Teachers.

**Anchor Paper**
