

## Save on health coverage with this new benefit for Printing Industry Midwest members.

With recent changes in federal health insurance regulations, you may be able to save on health coverage by putting the buying power of an association health plan (AHP), to work for your small business. With an AHP you can join with other Minnesota small businesses to get benefits typically enjoyed by larger companies — including lower premiums, reduced administrative costs and more coverage options to better meet the needs of your employees. As a member of Printing Industry Midwest, you're eligible to join our AHP and begin realizing these benefits today.
