

Printing Industry Midwest (PIM) is a proud member of the Coalition for a 21st Century Postal Service. Under the leadership of this coalition, the Postal Service Reform Act has just passed the House and is now headed to the Senate for a vote in the coming days. This is a critical step forward in righting the ship at the USPS! This bill offers changes pivotal to stabilizing USPS finances and guaranteeing a unified 6-day delivery system, which preserves the economies of scope and scale of the postal service, and buttresses its efficiency in fulfilling its mission. It is not a perfect bill – but it is a good bill with bipartisan compromises and must be passed. Yet, there are those seeking changes at this late hour that could delay, or even derail, this bill. The Coalition is working to ensure the bill passes the Senate and does so intact.
